

The ASI logo is located in the top left corner of the header banner. It consists of the letters 'ASI' in a white, serif font, set against a dark blue background with horizontal lines.The header banner features a world map, a mobile phone, and an '@' symbol on a blue and green gradient background. The text 'delivering solutions' is written in a light blue, lowercase, sans-serif font across the bottom of the banner.

delivering solutions

**PECO ENERGY**

**Imagine.** You have just merged two energy companies into one of the nation's largest electric

utilities serving almost 5 million customers. You are also the largest nuclear operator in the United States, with more than 16,500 megawatts of nuclear capacity. Guided by your boldness in staking out a leadership role in tomorrow's energy markets and creativity in improving the quality of life through energy, your mandate is to bring new solutions and reliable service to customers.

## So, what do you do?

Your hybrid data requires an expert in managing information that combines raster and vector data—you turn to ASI for its data mining experience to successfully extract information from your legacy facility database. Customized software programs and tools increase the intelligence of your database. Your fast-track 6-month project schedule was met with expert project management skills. At the project's completion, ASI had converted more than 2.5 million electric facilities features for a distribution system serving 1.8 million customers.

Although ASI's project management team understood that it was important to meet the aggressive schedule, the team also knew that quality was key to overall success and also PECO's satisfaction.

## Success

PECO Energy created a geospatial resource management system and its spatial information assets to empower strategic business applications with enhanced spatial data. Seizing opportunities and making the most of them to serve its customers and communities.

**Data Solutions That Power Your Business**

A large, light blue, stylized 'ASI' logo is centered at the bottom of the page. The letters are thin and have a slight shadow effect, giving them a three-dimensional appearance.
